Get Rewarded for Everyday Banking!

At Eastmill Federal Credit Union, your checking account should work for you. That's why we offer Rewards Checking accounts that pay you simply for using your account the way you already do.

Momentum Checking

Earn a \$7 cash reward each month when you qualify. It's simple, straightforward, and perfect for members who want an easy monthly reward for their everyday banking.

Elevate Checking

Let your balance work harder. Earn 3.25% APY on balances up to \$10,000 when you qualify each month—an easy way to grow your money while keeping it accessible.

Same Easy Requirements. Two Great Rewards.

Both accounts qualify the same way each month, so the only choice is how you want to get rewarded, cash back or high dividends.

With Eastmill Rewards Checking, your everyday banking can put money back in your pocket. Learn more at eastmillfcu.org or visit your local branch.

Scholarship Opportunities for Graduating High School Seniors

Each year Eastmill FCU awards ten high school seniors \$500 scholarships. The scholarships are paid at the beginning of the student's second semester of higher learning. We request a copy of the student's transcript and proof of enrollment in the second semester. The checks will be made payable to the school.

The deadline for the applications is May 15, 2026. Scholarship applications can be picked up at either branch office of the credit union or online at www.eastmillfcu.org.

Financial Planning for the New Year: Setting Smart Goals

As we move further into the year, it's the perfect time to set financial goals that will guide you toward long-term success. Whether you're focused on saving, investing, or managing debt, setting clear and achievable goals can help keep you on track throughout the year.

Steps for Setting Financial Goals:

- Make your goals specific and measurable: Instead of saying "save more," aim for "save \$200 a month for an emergency fund."
- Track your progress regularly: Review your goals every few months to ensure you're on track.
- Prioritize debt reduction: Consider focusing on paying down high interest debt first to free up more resources for savings.
- Review and adjust your budget: Align your budget with your goals to make sure you're staying on course.

Financial planning is key to achieving the things that matter most to you. Ready to create a customized plan that fits your goals? We'll help you build a roadmap for financial success in 2026 and beyond. If you would like to have a consultation or help with budgeting, our President/CEO Derek Hebert is certified from Americas Credit Unions as a Certified Credit Union Financial Counselor (CCUFC).
